## WAR ON ALLIES BY BOLSHIEVIKI NOW IN EFFECT

State Department Told Decla-  
ration Is One of Defense  
Rather Than Conflict.

WASHINGTON, Aug. 9.—American  
Consul Poole at Moscow has informed  
the State Department that Lenin,  
the Bolshevik Premier, recently de-  
clared before a gathering of Soviets  
in Moscow that a state of war existed  
between the Russian Government and  
the Entente Allies.

In response to questions from the  
Allied Consuls, Tchitcherin, Commis-  
sary of Foreign Affairs, said the  
Premier's statement need not be con-  
sidered a declaration of war, but that  
it rather was a declaration of a state  
of defense on the part of Russia sim-  
ilar to the situation that existed at  
one time with Germany.

The Consul's report, received by  
cable to-day, gave the State Depart-  
ment its first official information con-  
firming reports that the Bolsheviks  
were formally characterizing as an

German Master Spy Hysterical  
When He Thinks He Is Being  
Led to Execution.

CAPT. FRANZ VON RIN-  
TELEN—to give him the  
full Teutonic honors credited  
in the official papers—was  
removed from the Tomb to the  
Essex County Jail in Newark  
N. J. early to-day after an at-  
tempt at transfer yesterday after-  
noon led to a hysterical outburst  
on the part of the German master  
spy and paymaster, who thought  
he was being led to execution.  
He went from the Tomb en-  
trance to a Department of Justice  
entrance, handcuffed to the wrist of  
U. S. Deputy Marshal McQuade.  
And he went protesting.  
"I do not know what this all  
means," growled von Rintelen,  
"but I suppose it's part of your  
legal hocus-pocus."  
His term in the Newark jail will  
expire on Dec. 4.

**NO TRACE OF MISSING MAN.**

Futile Search for W. F. Kellholz,  
Who Disappeared Two Days Ago.  
Up to noon to-day nothing had re-  
sulted from the search for William F.  
Kellholz, Brooklyn clubman, living at  
No. 309 Adelphi Street, who has been  
missing two days.

The wife of Kellholz, who was  
Frances Stark, a Detroit newspaper-  
woman before her marriage two years  
ago, could give no explanation of his  
disappearance. She said they had re-  
turned from their vacation less than  
two weeks ago, and her husband seemed  
in excellent health except for slight  
nervousness, probably caused by the  
heat and hard work.

Britain to Take Over Potato Crop  
From November.

LONDON, Aug. 9.—John R. Clynes, in  
his first speech as Food Controller in  
the House of Commons said the Govern-  
ment would take over the 1918-19 potato  
crop from November and anticipated its  
ability to stimulate the consumption of  
potatoes to a greater extent than last  
year. The American troops in Great  
Britain and France will also be able to  
receive larger quantities of potatoes  
grown in England. He emphasized the  
need of continued economy in food.

## SIX U BOATS ARE SUNK BY SEAPLANE, IS REPORT, AND TRANSPORT IS SAVED

Eyewitness Tells of Battle in Which  
Depth Bombs Are Dropped  
on Raiders.

FOLLOWING the arrival at  
an Atlantic port of an  
American Army trans-  
port from France, was re-  
ported to-day that the vessel  
had been attacked by ten Ger-  
man submarines, six of which  
were sunk with depth bombs by  
a hydroairplane. There is no offi-  
cial verification of the report, but  
an "eye-witness story" of a ter-  
rible battle was given by a man  
who was on board.

With the first alarm a speedy  
hydroairplane was launched and  
whirled over the U boats. It  
dropped bomb after bomb, keep-  
ing up the attack for several  
hours. The big guns on the trans-  
port also let loose at the raiders,  
but the most deadly work was ac-  
complished from the air.

**TO ROUND UP TAX DODGERS.**

Revenue Agents Will Be Sent to  
Canadian Border.

WASHINGTON, Aug. 9.—To round up  
tax slackers among American citizens  
living in Canada a corps of Revenue  
Agents soon will be sent to Canadian  
communities near the border.

Revenue Commissioner Rogers an-  
nounced to-day that the campaign  
against tax dodgers would result in the  
filing of income returns by many thou-  
sand persons, including a large number  
of farmers, shortly. The Commissioner  
issued a warning to the public not to  
give information on their income to men  
who cannot produce credentials as revenue  
officers.

the second and third floors to the base-  
ment. Both suffered possible fractures

## SUSTAINS TAXES LEVIED ON SPECIAL FRANCHISES

Court Rules That Corporations  
Cannot Now Dispute Orig-  
inal Assessment.

In the long pending litigation to col-  
lect large amounts of special franchise  
taxes from many public service cor-  
porations, Justice Benedict of the Supreme  
Court in Brooklyn reached a decision  
yesterday knocking out one of the main  
props of corporation defense and delay.  
Eight cases against the Long Island

Railroad Company were under consid-  
eration. Martin Saxe, former president of  
the State Tax Commission, and now  
special counsel designated by Attorney  
General Lewis to prosecute special fran-  
chise cases for the benefit of the city,  
led the attack on the corporation  
trenches that have defied payments for  
many years.  
Justice Benedict ruled that where cor-  
porations have failed on regular grievance  
days to raise their objections to  
original assessments before the State  
Tax Commission, they could not come  
into court at this late date to introduce  
testimony on that point.  
This decision overrules a practice  
prevalent for eighteen years and will  
have far-reaching effect in sustaining  
assessments in 150 similar contested  
special franchise tax cases, involving  
over a million dollars in disputed taxes.
